🏆 STARTUP GROWTH INTELLIGENCE — KEY RECOMMENDATIONS

1. INVEST IN eCOMMERCE & CONSUMER INTERNET

Data shows these two sectors dominate funding (~14bn combined).
Opportunity: Target early-stage startups in these sectors for maximum ROI potential.

2. FOCUS ON BENGALURU FIRST

Bengaluru receives 3x more funding than Mumbai.
Opportunity: Any investor or startup looking to establish presence should prioritize Bengaluru ecosystem.

3. 2017 PEAK SIGNALS MARKET MATURITY

Funding peaked in 2017 then stabilized. This indicates the Indian startup market is maturing — less speculative, more quality-focused investments ahead.

4. HEALTHCARE & LOGISTICS ARE UNDERSERVED

High deal count but relatively low funding compared to
